

Announcements

No assemblies for the next two Sundays (7/5 and 7/12).

The parable of the tomato plant Yesterday I opened the back door of my home and noticed two potted tomato plants in dire need of water. I watered them with plant food the night before, as both plants are flowering and about to yield fruit (tomatoes, that is). If I had just walked by, the plants would have continued to wither. My take away? Plants need attention and so do people! Please check in on each other from time to time.

Ordinary people serving an extraordinary God.

FaceBook views double.

Last Sunday's part 3 of Holy Spirit had double the audience of the week before. During the presentation a former exchange student from France joined the lesson. France is 5,000 miles across the ocean. Technology can be a great thing!

Celebrate each other!

"Celebrations help you focus on the positive – in life and in each other. It's easy to get bogged down by the negatives, both in our day-to-day lives and the world in general. Maybe it's been a particularly trying month, the whole family has been sick, it's been raining for what seems like weeks, you just found out your car needs an expensive repair, and UGH, can your partner ever remember to grab the mail or rinse their dirty coffee cup? But celebrations are an excuse to forget all of that and focus on the positive, even if it's only for ten minutes." Prepare/Enrich

Congratulations to the Pucketts and Susie/Randy on the birth of Rylee Jo Puckett. She was born at 9:19 p.m. on June 29. She weighed 6 lb., 3 oz. and is 18" long.
