Welcome Home to Alpine church of Christ

November 08, 2020

Ordinary people serving an extraordinary God.

Historical document found while cleaning and organizing the church building furnace room. The Army Corp of Engineers' original blue print for our building is now housed in the church library.

Why would anybody clean and organize a storage room? Better yet, why did Curtis take pictures of the end result and post them in the bulletin? “Church family 101” teaches the idea that EVERYONE matters in the local church.

Take the challenge! Find something you can do to make our work here in Alpine more successful. It may include assisting Susie and Hailey in cleaning the building or volunteering to help Tricia or Stacy or Caleb or Charles in working with our children. Please consider the important role you play in making the Alpine church of Christ a healthy family environment.
