# Welcome to the Alpine church of Christ

December 12, 2021

Ordinary people serving an extraordinary God.

Enjoying each other's company on a Friday night. Is this the "preferring one another" of Romans 12:10?

## Casa Grande and the Chisos Basin

An iconic peak of the Chisos Mountains, Casa Grande sits on the eastern side of the Chisos Basin. Casa Grande is an easily recognizable feature in the park, with square-ish angular features rising to heights of 7,300 feet, close to the heart of Big Bend National Park. There are numerous hiking trails on and around Casa Grande, with the Chisos Basin acting as a staging area with a park visitor center, lodge, and campsites. Popular hikes in the basin include the Lost Mine Trail, the Window Trail, and Boot Canyon Trail. Reservations are required for overnight camping, and an entrance fee must be paid when heading into the park. An experience in the desert mountains of Texas is not something that should be missed, as the Chisos' offer a prime habitat for local wildlife – including black bears and mountain lions. From Study Butte, the Chisos Basin is about a 30 mile drive – just follow the signs leading to the prominent Casa Grande. From the Alpine Church of Christ building, it is about a two hour haul. (JW)
