## Welcome Home to Alpine church of Christ

December 22, 2019

Ordinary people serving an extraordinary God.

### Time to begin keeping track of answered prayers!

God provides answers to prayer each day of our lives. May 2020 be the year you keep track of what you ask for so God gets the credit he deserves. A recent example is Julie Johansen, a young mother of two, recently diagnosed with an artery disorder in the brain. We prayed her through two brain surgeries with the following update:

“Charlie (her husband) told me last night that the speech pathologist told him that Julie has made more progress in a week’s time than any patient she’s ever had.”

second surgery. Imagine the excitement in the voice of Charlie as he continues the update:

"She called Charlie on the phone to practice talking and he said she's putting sentences together better and working so hard to get her speech back. She can now raise her right arm above her head and raise her right leg."

In addition to Julie's progress, read the encouragement of her family as they struggle through the holiday season.

"Your prayers and encouragement have brought Julie back from being in the abyss and back into the light. Saying thank you seems too simple to express our feelings for your contributions to her recovery. You are all so loved. Your brother in Christ, Keith (Julie's father-in-law and an elder in the La Vernia church)".

**Thank you for picking up the prayer list and attending to the needs of others!**

### **Congratulations to Miranda!**

Her parents joined her in the celebration last Friday evening. Miranda applied for jobs in Michigan and Washington state.
