Developing a Vision for the Alpine Church of Christ

Before you begin discerning a vision, understanding the vision of this church is essential. A vision is something you can see happening in the future. When it comes to a church vision plan, it is something we all agree that we would like to achieve in a certain period under God's direction.

When you are trying to discern God's vision for this church, it helps to ask the following questions:

- What was God's original design for the church? Start with Acts 2 and remind yourself of the original blueprint for the church.
- What does God want our congregation to do to assist the Alpine community and the world?
- In the future, what do we want our facility and congregation to look like?
- Where do we go from here, and where do we start?
- Do we have a clear vision for an expression/ministry of the Kingdom?
- What do we want everyone to think about when they hear the mention of this local church? (Adapted from <https://chchurches.org/developing-a-vision-for-your-church-a-complete-guide/>)
